PCMCIA adapter CardBus > 2x USB 2.0

Description

The Delock PCMCIA adapter expands your notebook by two USB 2.0 ports. You can connect USB devices like digital camera, printer, scanner, keyboard, mouse, speakers, modem, MP3 player, card reader, etc. to the adapter.

Due to its flat and short design, you can leave the card inside the PCMCIA slot and use 2 PCMCIA cards simultaneously without disturbing them.

Ref. 61745
EAN 4043619617456
